

Thank you for inquiring about a French Bulldog from One More Frenchie!

Reserving a Puppy:

A non-refundable deposit and a signed puppy contract will add you to our puppy reservation list. That deposit amount applies to the total cost of your puppy. After you return the questionnaire and we have time to review it, we will then set up a phone conversation. Our reservation list always gets “first dibs” (based in your reservation spot) to any available puppies. You can choose to select a puppy at that time or you may even choose to pass and wait for another upcoming litter. Sometimes the timing of a litter turns out not to be great (trip planned, etc.), or the color or sex wasn’t available. It happens! We’re flexible. A puppy reservation in place allows you all the options.

Purchasing a puppy can be a daunting experience today. We hear stories much too often about dishonest people and scams when it comes to buying a puppy. To put your mind at ease, we are always happy to provide you with references from One More Frenchie Families that have been where you are in the process and now have one of our babies (or two) as part of their family. Our puppy families love nothing better than to talk about their dogs!

Our Puppy Questionnaire:

We do our best to find the perfect homes for our babies and match the right puppy with the right people. Our questionnaire allows us to know just a little bit about your home environment and your plans for making a puppy from us a part of your family. There are no wrong answers or trick questions. If you would please take a quick minute to fill it out and send it back to us, it really helps us have the right conversations as we begin to move forward with the reservation process.

You can copy and paste the section below, scan it or even simply send us the numbered answers back. Format doesn’t matter really, whatever works for you is fine.

Please return it to us at OneMoreFrenchieNC@gmail.com

One More Frenchie Puppy Questionnaire

Name:

City & State:

Email:

Phone Number:

Best day and time to call and schedule a chat:

1) Have you had a Frenchie before?

2) Have you researched this breed and are you familiar with their specific care and requirements (being housed indoors, heat sensitivity, avoiding stairs and jumping up or down from furniture etc)?

3) Will you pick-up your puppy in the Matthews/Charlotte, NC area or will you need assistance with flight nanny services?

For further distances we can utilize flight nanny services that will hand deliver puppies all over the US. We've used these services many times and have been pleased with the experience. Flight nanny services typically run about \$600 and up would be an additional expense, not included in your puppy price. We don't collect funds for this either but we can put you in touch with a few different service providers.

4) Do you currently have another dog(s) and if so what kind? Have you had dogs in the past and if so what kind?

5) What is your preferred time frame for getting a puppy?

6) Do you have a pool (Frenchie's don't swim well and can be prone to drowning)?

7) Do you have a fenced in yard?

8) What is your puppy preference boy or girl?

9) Please tell us your color preferences.

Our puppy colors:

*cream (butterscotch, blonde or even white, we breed these most frequently)

*fawn (tan/brown/red in color often with a darker face called a mask)

*brindle (black or mostly black with gold specks)

*pied (fawn or brindle spots on white dogs)

10) Is this dog to be a pet or are you interested in breeding or showing?

Please Note: We find many people looking for a Frenchie puppy do not always understand all the colors available today. We **do not breed** any recessive, fad, or mix breed colors (lilac, merle, black/tan, and fluffy coats are just a few). These colors are not recognized by AKC as pure bred Frenchies.

We are aware of many crossbred colors coming out and we find it takes many, many generations of careful breeding to get back to a solid looking, quality AKC confirmation (original looking Frenchie and not a mix breed). It is well established that these new colors bring with them many unexpected and often frequent health and skin issues. We simply aren't a breeder that focuses on a more expensive or new rare color French Bulldog.

Thank you so much for answering our questionnaire! There are no wrong answers. We really do appreciate your time and hope you understand why this step is important to us. Once you return the questionnaire and we have time to review it, we will be in touch to talk and answer any other questions you may have. These questions & your answers give us a great place to start when speaking with you about our puppies.

Sincerely,

Scott & Liz
